QPC serves early to mid-stage organizations that rely heavily on SaaS tools but lack the internal IT capacity to integrate them. Our ideal clients range from 20 to 1,000 employees, and include:

- Professional Services Firms (legal, consulting, marketing)
- Healthcare IT Startups and Medical Service Networks
- Government Contractors and Public Sector Non-Profits
- Logistics and Fulfillment Companies
- Manufacturers navigating digital transformation

PAST PERFORMANCE

QPC has delivered high-impact outcomes for clients across multiple industries by focusing on integration, automation, and AI enablement. Select engagements include:

Legalese (LegalTech | SaaS Startup)

- Supported Legalese's successful \$1.5M capital raise by rebuilding their investor-facing
- Our team redesigned the backend architecture and simplified the user experience to highlight core product value and reduce onboarding friction.

CPM Solutions (Industrial & Safety Equipment | BPO Partner)

- Enabled CPM Solutions to scale operations and refocus internal resources by providing a process outsourcing (BPO) solution.
- QPC streamlined back-office operations by taking over repetitive, time-intensive tasks while ensuring real-time competitiveness.

MA Consulting (Management Consulting | Professional Services)

- Helped MA Consulting automate its client onboarding and service delivery processes while enhancing data security and compliance.
- QPC modernized operations by integrating SaaS tools and implementing secure automation workflows tailored to the firm's growth goals. Security-focused architecture to support compliance and scalability.
